To whom this may concern

The Life Aftercare program has assisted our youth in so many areas of their lives that it would simply be impossible to quantify, notwithstanding there several areas that can be measured the following are just a few: rent assistance, auto repair, college grant assistance, groceries, maintaining medical coverage and auto insurance coverage.

The aforementioned at first glance appear to be lifeline assistance however there is much more to the help provided, first the youth are required to be accountable for the use of any funds they receive and this has always-included face-to-face interaction, secondly the aftercare workers have proved to be another caring adult in our kid's lives. We have been eyewitnesses to the caring nature of these workers and their implementation of the principles and practices of the Life Aftercare Program, with that said it is wholeheartedly that we ask all those associated with or considering associating with the Life Aftercare program to fully support the program by any means available.

Please consider that your support facilitated three college students, a Marine, a Navy Sailor, and an Honor Student and we are just one home.

Sincerely

The aftercare program has helped me in a number of ways. If it were not for Natalie Rose, I wouldn't have had a clue what I was suppose to do to make my transition to college easier. Natalie helped me with filling out my Fafsa, my ETV and many other papers that were needed to get me to San Antonio for college. If it were not for the Aftercare program, I am certain that I would not be going to San Antonio. I say this because there was so much that I didn't know and that I had to learn. I am very thankful to Natalie and everything she has done to help me get to college.

# Thank you

I would like to take the time to show my appreciation by thanking you for blessing me with an unexpected gift. Also I would like to take the time to thank you for what you have done, that you might not have realized but has made a very important impact on my life. I will never forget what you have done for me, and will never forget you. Thank you for everything again it has really made a difference in my life. That is the greatest gift of all that I could have received and you have blessed me with it, Thank you.

If you are not aware already I am going to "Howard College" to acquire my basics. Than transfer to "Texas Tech" to study Pre-Law and fulfill my study in family law.

I will keep you updated on my adventure through this crazy world and my college life. It's finally time for me to take my first step in to my new life, and thanks to you I can fulfill my dreams thanks again.

*Sincerely,*

Dear, Natalie Rose

I would like to take the time to list all the things you have helped me with. Also why I'm so thankful for everything you've done. Well first things first thank you for helping me with, all my college registrations also for helping me apply for my ETV money. Another important aspect is you answering my questions that I had over the process. There were many other things as well but most importantly is helping me through the process and everything.

If it wasn't for you I wouldn't have half of the stuff done that I needed. Thanks again for everything god bless and take care.

Sincerely,

Anthony L. Bradley

Natalie has help me in so many way, and I'm very grateful for her help. One of the way she help me out is by taking me to San Angelo to register for my classes. Without her help I'm sure it wouldn't have getting done. Another thing she really help me with is getting me ready for the real world, by getting my E.T.V done and also showing me what is like to be on my own. So thanks to Natalie I'm ready to show the world I'm ready.

Thank you again Natalie for your help. I really enjoy our time.

I'm going to start off by saying that High Sky Children's Ranch is the best place I have ever lived in. I think it saved my life. I don't know where I would be without the homes. Now about the after care program, in the beginning it didn't help me much because, I didn't know much about it. As soon as I knew more about it, it helped me a lot more. For example it helped with food when I needed it. It helped me get into my very first apartment, and helped me pay for some of my phone bills, and a lot more. I just want to thank everybody that has helped me this whole time.
